

Dear Titan Families,

Summer is almost here and I am excited to share the Annual Virtual Summer Camp Adventure, a very special program for all children and families this summer.

**Virtual Summer Camp Adventure** is a twelve-week virtual camp with six bi-weekly themes around Tales and Tails, the national summer reading campaign.

We will celebrate Fairy and Tall Tales, Sports Tales, Scary Tales, Pet Tales, Zoo Tales and Exotic Animals. Each of these camp themes will have a wonderful choice board filled with reading, learning, making, outside adventures, exercise, cooking, coding, technology and a Buncee Challenge will be included with each too.

Each choice board will also include 20 FREE Capstone Interactive eBooks per theme. That is 120 FREE eBooks for summer reading, which will be available from May 31-August 30, 2021. There will be a variety of formats, fiction, nonfiction, graphic novels and chapter books, for all ages, Pre-K to 6th grade.

To go along with each weekly Virtual Summer Camp Adventure theme, Buncee has created new stickers, animations and fun reading activity templates. These will inspire lots of ways our learners can create, write, research and share what they learn and read throughout the summer.

On May 31, 2021, your children can access the Virtual Summer Camp Adventure at [capstonepub.com/camp](https://capstonepub.com/camp) with no special username and password. They can check back throughout the summer for the bi-weekly choice boards and resources.

I am so excited about this special summer adventure, and I can't wait for you and your children to take it too.

**Here's to a happy and memorable summer full of reading adventures,**
